## Chartership & New CPD System

*Presented by Bill Gaskarth*  
*Chartership Officer of the Geological Society*

Date: 20<sup>th</sup> April, 2017  
Time: 6:30 pm to 7:30 pm  
Venue: Room A, 33/F, BMI Group, Shui On Centre, 6-8 Harbour Road, Wanchai  
Fee: Free of charge  
Registration: Not required.  
For enquiry, please contact Miss Trudy Kwong at [tkwong@bmintelligence.com](mailto:tkwong@bmintelligence.com)

### **Synopsis:**

The presentation will outline the application process with advice on the “do’s and dont’s” of an application. In particular the role of the Sponsors will be emphasised in ensuring that the application is made when the applicant is “ready” for Chartership and not just as soon as they are eligible to apply.

The new CPD system will be described with discussion as to how it will work using unweighted hours as opposed to the old points system. Information will be available on RoGEP and also information on progress of the Society's move towards offering CEng.

Following the talk the speaker will be available for individual conversations and queries.

### **About the Speaker:**

Bill previously had a career in academia at Universities of Missouri, Aston and Birmingham. His PhD was in the area of Canadian Pre-Cambrian geology and geochemistry related to exploration for mineral deposits. He had various periods of experience in exploration for base metals and uranium in Canada and Bold and other minerals in West Africa. He is the Chartership Officer of the Geological Society since 2009 and dealt with some 1,000 applications for Chartership.

*CPD Certificate will be available at the end of the seminar.*
