- 12.30 Open Discussion/ Q&As
- 13.00 Meeting Close

**CLF: NET** is a voluntary body that offers seminars and workshops on land quality issues for brownfield practitioners within the Thames North East Area. (Bucks, Herts, Essex, London)

This is a NEW event supported and promoted by **CLF: NET** and The Geological Society Contaminated Land Group. CLFNET is a forum applicable for regulators, consultants, remediation contractors, lawyers, academics, site owners and developers. The Forum is run by a small steering group of professionals representing both the private and public sector. Topics covered include gas, soil, surface water and groundwater affected by contamination. The aims of the Forum are to:

- promote and share best practice
- provide technical updates
- encourage dialogue and
- develop partnerships
- 

**Cost:** Attendance is free of charge.

**Venue:** **Geological Society Burlington House, Piccadilly, London, W1J 0BG**

**Registering:** please complete the registration form and send to the Environment Agency Groundwater & Land Quality team at the address below or by email: Receipt of your registration and a place at the meeting will be confirmed by e-mail. Due to size of the venue, please register your interest as soon as possible as places will be allocated on a first come first serve basis. If you subsequently cannot make it, please let us know so someone else will be able to attend.
