

History of the Geological Society of London

- Established in 1807 by 13 founding members
- Worldwide membership of 12,500
- Aims to:

“Improve knowledge and understanding of the Earth, to promote Earth Science education and awareness, and to promote professional excellence and ethical standards in the work of the Earth scientists, for the public good”

The Lyell Collection

- 295,000 peer-reviewed pages
- Over 29,500 articles
- Over 1000 volumes
- Content on multiple geological disciplines
